

JUST SPEECHES.

Eight Hours of Them in the Senate.

Blockading the Tariff Bill for the Time.

QUAY'S LONG TALK.

He Speaks for Four Hours and is Exhausted.

WASHINGTON, June 13.—The absolute blockade of the tariff bill in the senate yesterday was in marked contrast with the wonderful progress in the senate Monday. Not a cog was turned. The entire eight hours was devoted to set speeches preliminary to the consideration of the wool schedule. Mr. Quay, who has been quiescent for five weeks, resumed the delivery of his speech, which has already occupied four days, and his manuscript seemed unappreciably diminished. Then he yielded from sheer exhaustion, and Messrs. Pettigrew of North Dakota, Power of Montana, Peffer of Kansas and Hoar made set speeches against free wool. Other set speeches will follow to-day.

During a lull in the debate yesterday Mr. Mitchell of Oregon moved to lay the tariff bill on the table. The motion, however, was without special significance and was defeated by a strict party vote. Mr. Chapman, the Wall street broker, who refused to answer questions, was reported as contemptuous to the senate by the sugar investigation committee and a resolution was introduced to bring him to the bar of the senate for contempt. At 6 o'clock the senate adjourned.

Quiet in the House.

WASHINGTON, June 13.—Two hours were consumed in the house over a bill reported by Mr. Outhwaite setting aside \$100,000 from the fund belonging to the estate of deceased colored soldiers of the civil war for the purpose of erecting in the District of Columbia a national home for aged and infirm colored people. The bill was passed. The Indian appropriation bill was then taken up, but the house adjourned without completing its consideration.

GOOD ROADS BILL.

Coxey Will Advocate the Measure Before the House Committee.

WASHINGTON, June 13.—J. S. Coxey and Carl Browne were in the capitol yesterday and arranged with Senator Kyle, chairman of the committee on education and labor, which has the good roads bill in hand, for a meeting Friday morning at 9 o'clock. They also called on Senator Vilas, chairman of the special committee to investigate the prevailing distress, who told them that the committee would hear them, but that the committee had no stenographer and was not prepared to make a record of the proceedings. The interview closed without completing the arrangements for the hearing.

Coxey and Browne also called on Senator Voorhees, chairman of the finance committee, to which their bill for non-interest bearing bonds was referred, to ask to be allowed to present their arguments before that committee. Senator Voorhees told them that while the tariff bill was before the senate it will be impossible for the committee to grant them a hearing, but they could see the individual members of the committee or make any communications in writing and after the tariff bill should be disposed of in about two weeks the committee might give attention to their request for formal hearing.

QUESTION OF IRRIGATION.

Western Members of the House Map Out a Plan of Campaign.

WASHINGTON, June 13.—Western members of the house have held a caucus to map out a plan of campaign on the irrigation question and have resolved to spare no labor to secure action by this congress. Representatives of thirteen Western states and territories, including members of all parties, met here this week. Representative Sweet, who called the meeting, was elected chairman, and the matter was thoroughly discussed.

In accordance with the instructions of the meeting a committee, consisting of Representatives Sweet, Republican, of Idaho, Coffeen, Democrat, of Wyoming, and Baker, Populist, of Kansas, called on Speaker Crisp yesterday to ask that the committee on rules set apart three days for the consideration of a bill which is to be agreed upon by the Western men. The speaker suggested that a resolution should be introduced in the regular order, and asked to have copies of the bill submitted, but made no promise. Another caucus will be held by the Westerners this week.

MORE CHANGES CONTEMPLATED.

Further Modifications in the Tariff Bill May be Made.

WASHINGTON, June 13.—There is some prospect of important changes in the internal revenue part of the tariff bill, and of further modifications of the income-tax feature. The finance committee has been considering a suggestion looking to the dropping of all the administrative part of the bill, which would result in leaving the present administrative law on the statute books.

The committee is also undecided what, if any, changes will be made in the income tax, but is considering propositions for its modification which it is believed will make the bill acceptable in this respect to Democratic senators who oppose the tax. It is understood that if any changes are made there will be a shorter limitation of time for the bill to remain in effect.

200,000 celery plants for sale at a reasonable price. Address, St. Joseph Celery Co., Station A, St. Joseph, Mo.

PICKERING FOR GOVERNOR.

Prohibitionists of Kansas Nominate Him as Their Candidate.

EMPORIA, Kan., June 13.—Promptly at 3 o'clock yesterday afternoon Dr. W. J. Newton of Ottawa, secretary of the state central committee, called the state prohibition convention to order. The Maneley trio were then introduced and sang a Prohibition campaign song, after which Rev. J. D. Wood of Halstead asked the divine blessing. Dr. Newton then stated that Governor St. John had been selected for temporary chairman and appointed a committee to bring him to the stage. He was received with great applause.

As the governor concluded his speech Dr. Newton handed him a telegram, which he read as follows: To the Chairman of the Prohibition State Convention, Emporia:

CONVENTION HALL, TOPEKA, Kan., June 13.—The National Woman's suffrage association sends greeting and is grateful that there is a political party which does not need to be urged to declare for justice to women.

The reading was received with great applause. On motion the chair was authorized to appoint the usual committees and a recess was taken until 4 o'clock for that purpose. On reassembling an hour and a half was put in hearing speeches and listening to vocal selections by the campaign singers, while waiting for the committees to report.

The committee on permanent organization reported the name of Hon. G. G. Wharton of Ottawa for president and that of W. C. Fogle of Williamsburg for secretary. The report was adopted. Several of the minor committees submitted reports, when a motion was made and carried to proceed to the immediate selection of a candidate for governor and hear the report of the platform committee afterward, as it was asserted by some outsiders that the convention was waiting to hear from Topeka.

Governor St. John obtained the floor and in a very neat speech named E. O. Pickering of Johnson county, the Prohibition standard bearer two years ago, as candidate for governor.

A motion was immediately made that the rules be suspended and he be declared by acclamation the choice of the convention, and the motion carried with a whoop. Mr. Pickering, on being conducted to the platform, made a short speech, which was well received.

Convention then adjourned until this morning.

CLEVELAND MUST REST.

The President Advised by His Physician to Keep as Quiet as Possible.

WASHINGTON, June 13.—President Cleveland's ailment has not yet yielded to treatment as rapidly as was expected. Yesterday Dr. O'Reilly recommended that he keep as quiet as possible and avoid all physical exertion. This precaution was all the more evident because of the warm weather.

Consequently the president kept to his room and did not undertake to receive any visitors or disturb himself until the hour set for the cabinet meeting, when he appeared in his office.

The doctor expressed the opinion that his patient would be about in a day or so if he should remain quiet.

A Flood at Hutchinson.

HUTCHINSON, Kan., June 13.—The Arkansas river at this point is higher than for seven years and is still rising. The water is destroying thousands of barrels of salt in warehouses near the river, and one of the largest manufacturing salt plants is in imminent danger of collapse.

Two Drowned in the Arkansas.

WICHITA, Kan., June 13.—A young man named Peachen, living four miles north of Wichita, Kan., was drowned while fishing in the Arkansas river this morning. Harry Smith, a boy, fell into the Arkansas this morning and was drowned.

The Mills Damaged by Explosion.

WILKINSON, Ind., June 12.—The large tile mills of Smith & Co., just about to be fired, have been wrecked by a natural gas explosion, entailing a loss of more than \$41,000.

CONDENSED TELEGRAMS.

It is said that an Evanston (Ill.) Episcopal minister is married to a divorced woman. The members of the congregation were shocked by the disclosure.

William Deering, the harvest machine inventor, has given \$50,000 to the medical school of Northwestern university. The gift is to be used in founding a new professorship in honor of Dr. N. S. Davis of Chicago.

The report that Nellie Grant Sartoris was engaged to General Henry K. Douglas of Maryland, is denied by the family. Mrs. Sartoris is now in New York with her mother at the home of Colonel Fred Grant.

The incident growing out of the tearing down of the United States flag from the United States consulate at St. Thomas, Ont., on the queen's birthday, has been satisfactorily closed by an explanation to the department of state that the perpetrators of the outrage were drunk and irresponsible and would be properly dealt with.

A committee appointed by the citizens of McKeesport to effect a compromise between the strikers and the National Tube works, called upon General Manager Converse and were informed that the company had no proposition to make. The management, he said, was satisfied to keep the works closed for the present.

Something wrong when you tire too easily. Something wrong when the skin is not clear and smooth. Something wrong when you take Dr. Williams' Pink Pills. It recommends itself. J. K. Jones.

What makes a house a home? The mother well, the children rosy, the father in good health and good humor. All brought about by the use of Dr. Williams' Pink Pills. It recommends itself. J. K. Jones.

We put on new neckbands on shirts. Peerless Steam Laundry, 112 and 114 West Eighth street.

Ice Cream Soda at Stansfield's 632 Kas. ave.

WORSE THAN THE GRIP.

Another Horrible Disease Starts in China's Filthy Cities.

VANCOUVER, B. C., June 13.—The most important news brought by the Empress of Japan is of the alarming spread of the virulent plague that first appeared in Canton at the end of April. The plague is similar to the great plague in London in the sixteenth century and is carrying off large numbers of victims.

It soon spread to Hong Kong, appearing there in May. It is chiefly confined to Chinese. The plague has paralyzed business to a large extent, as many leading steamship lines refuse to take either passengers or cargo from Hong Kong.

The symptoms of the disease are as follows: Without preliminary warning in the shape of a chill there is a sudden onset of fever, rising to 105 degrees or over.

There is much headache accompanied by stupor. In twelve to fourteen hours a glandular swelling occurs in the neck or arm pit increasing to the size of a fowl's egg, being hard or tender. With or without decline of fever, the patient sinks into a condition of coma and dies at the end of 24 or 48 hours. If six days is reached, recovery is possible.

The Canton correspondent of a Hong Kong paper under date of May 8, says: Scarcely a house has had not some one dead. The plague commenced in the Mohammedan quarters and one hundred are reported daily. On May 10 it was found that the disease had reached Hong Kong and energetic steps were at once taken to cleanse the infected localities.

However, hospitals were opened for the sick and the ship Hygra was moored in the harbor for the accommodation of patients.

The Chinese appeared at first to be inclined to co-operate with the authorities in bringing to light known cases of the plague, but probably because of the heavy mortality they became more and more distrustful.

The first determined stand against the authorities was made May 19, when houses were barricaded and stones were thrown at officers making house-to-house visits. Up to the latest reports 393 cases have occurred and 320 deaths.

The schools have been closed and a panic exists among the Chinese, many of whom are fleeing to the mainland.

KANSAS SPORTSMEN.

Some Fine Shooting at the West End Gun Club Grounds.

L. R. Erhardt, of Atchison, made the best score yesterday in the blue rock contest, at the meeting of the Kansas State Sportsmen's meeting.

In addition to using 8,000 blue rocks, there were nearly two hundred live pigeons sacrificed.

L. R. Erhardt's score was 119 out of a possible 150 in the blue rock contest. Dr. Lech made the highest score in shooting live birds.

Four good sized tents have been erected near the permanent shed.

One tent is used as a restaurant, one for ammunition, and two for the members.

There are about a dozen blue rock traps which are fed by boys, and operated by electricity.

The live bird traps are operated by hand. The shoot continued today and will conclude tomorrow. There are about sixty members from out of the city.

There was a large attendance of spectators.

THE COMPROMISE MAY FAIL.

Much Dissatisfaction Manifested Among Miners Over the Agreement.

PITTSBURG, Pa., June 13.—Unless the national officers of the Mine Workers' union, who made the compromise at Columbus Monday, can give a satisfactory reason for so doing, the miners in the Pittsburgh district will not accept the sixty-nine cent rate, and the strike will continue.

Scores of telegrams, letters and delegations have been pouring in on the district officers here from all parts of the district, denouncing the compromise and all declare that work shall not be resumed next week.

TRAIN STEALERS ON TRIAL.

Three Leaders of the Men Who Stole a Union Pacific Train in Court.

LEAVENWORTH, Kan., June 13.—The case of the three leaders of the detachment of California Coxeyites, John A. Ralston, Ed. Hart and Frank F. Wood, who stole a ride on a freight train from Waltham, Pa., to Leavenworth, to Hogback, this side of Ellis, occupied the attention of the United States circuit court yesterday, but final judgment was suspended until this morning.

Captured a Train.

DENVER, Col., June 13.—A freight train on the Gulf road was captured at LaSalle by 400 of the Coxeyites who left Denver last week for Washington. An engineer from the ranks took charge of the engine and ran to Sterling, where it was side-tracked, and will remain as long as the army remains in the vicinity. The road is in the hands of a receiver and if the sheriff is unable to protect the property of the company, the United States marshal will be called on for assistance.

Fredergast's Case More Complicated. CHICAGO, June 13.—The Fredergast case is likely to become more complicated still. The defense now claims that as the state took no action of record Monday, when the case was called, it defaulted. Attorney Heron of the defense has announced his intention to take Fredergast before some judge sitting in the criminal court and ask for an order of commitment.

Will Be Indicted.

WASHINGTON, June 13.—While no one at the district attorney's office will talk about the proceedings of the grand jury further than to say no true bill has yet been reported against Messrs. Edwards and Schriver, it is known the grand jury has informed Mr. Birney it would report a true bill.

THE STATE JOURNAL'S Want and Miscellaneous columns reach each working day in the week more than twice as many Topeka people as can be reached through any other paper. This is a fact.

Read the "Wants." Many of them are as interesting as news items. See if it is not so.

Good work done by the Peerless.

THROATS CUT.

Three Men Found Murdered and Robbed.

United States Deputy Marshals Find Them

IN SEMINOLE COUNTRY.

Vigilant Search Made for the Murderers.

GUTHRIE, Ok., June 12.—June 13 three brothers named Raymond, residing at Albany, N. Y., came to this country in search of a brother, who left his home and came West in August, 1883. He located near Eufaula, Ind. Ter., and developed into a full-fledged cowboy. He wrote home frequently, but last fall his letters ceased coming, and his brother, back East, growing alarmed, decided to come here in search of him. Going to Eufaula they were rewarded with no intelligence of his whereabouts, and they left there for other points in the territory, making inquiries.

Last Wednesday, eighteen miles east of Arbock, in the Seminole nation, the dead bodies of two well-dressed young men were found. They had been murdered and robbed, their throats being cut from ear to ear and their pockets rifled. Not a card or letter could be found on the bodies by which to identify them, but it is now thought that the bodies are none other than those of the Raymond brothers.

On Friday, two days later, Deputy United States Marshal Bradford discovered the dead body of a man named Chick, twelve miles north of Arbock. He had been murdered in exactly the same way and was only identified by a letter in his pocket. The triple murder has caused great excitement in the Seminole country, and a vigilant search is being made for the murderers, although there are no clues.

HAVEMEYER ON THE STAND.

The Chief on the Sugar Trust Before the Investigating Committee.

WASHINGTON, June 13.—Yesterday W. O. Havemeyer, president of the American Sugar refinery, appeared before the committee. It is known that Mr. Havemeyer was subjected to a very rigid examination concerning his visits to Washington last spring when the tariff bill was in formative process in the subcommittee and in regard to his interviews with senators.

He denied the published statements upon which the investigation is based, as to contributions to campaign funds and the demands of the trust that it should have protection in the tariff bill for past favors. He talked quite freely about his visits to Washington while the tariff bill was pending before the finance committee and said he had talked with several senators in the interest of the proper protection of the refining interests, among them Senators Hill, Gorman and Smith. The two latter had promised to help him, but Hill had given him no satisfaction at all.

The present tariff bill was unsatisfactory to the refiners because the differential one-eighth of a cent was not sufficient protection. He confessed that he advocated the ad valorem system and was gratified that it had been adopted to the extent that it was, but even with this concession, he declared the schedule far from satisfactory. He denied all knowledge of speculation in sugar stocks by United States senators.

Missouri Bankers.

CLINTON, Mo., June 13.—The fourth annual convention of the Missouri Bankers' association began at the White Sulphur Springs hotel here yesterday. President James M. Wilcoxson of Carrollton delivered the annual address in which he reviewed the work of the year, spoke encouragingly of the future and predicted better times. He said that the financial depression was having its good effects as well as its evil. It had checked wild cat banking and speculation and had made the bankers of the state and nation more conservative.

Southwestern Millers Meet.

KANSAS CITY, Mo., June 13.—The Southwestern Winter Wheat Millers' association, organized in Kansas City, January 23, with members in Missouri, Kansas, Nebraska, Iowa and Oklahoma, met at 11 o'clock yesterday in the club room at the Coates house. The object of this association is to co-operate with other millers' organizations for free trade with foreign countries that consume American wheat flour and corn.

Virginia Republicans.

WASHINGTON, June 12.—The Virginia Republican committee has adopted, not unanimously, a resolution that the committee deems it unwise to call conventions for the purpose of making Republican congressional nominations for the autumn elections. The resolution expressly states, however, that the committee has no intention of attempting to prevent any person from running for office or any people from nominating if they desire.

Railroad Bridge Burned.

BEVER, Mo., June 13.—The Hannibal & St. Joseph railroad bridge crossing the Chariton river near New Cambria in this county burned down last night. No theories are advanced as to the cause of the fire.

A Chinaman Suicides on a Train.

BOONVILLE, Mo., June 13.—Charles Sing, a Chinaman, killed himself yesterday afternoon on a Missouri and Kansas train as it was crossing the Missouri river bridge.

A passenger train jumped the track near Decatur, Iowa. Fireman T. J. Cronin was killed.

Shirts mended by the Peerless.

PREVITI'S

PERSONAL GOSSIP.

Archibald Philip Primrose is the name of the new premier, Lord Rosebery.

Lord Salisbury habitually dictates official papers into one of Edison's phonographs.

John A. Cockerill of the New York Advertiser bears a striking personal resemblance to the first Napoleon.

Professor Tyndall is said to have been the first man to ever attempt to produce an artificial rainbow—this in 1883.

At 92 Sir Harry Verney, Florence Nightingale's brother-in-law, goes out on horseback to a meet of the hounds.

Mrs. Thomas Wentworth Higginson, who is a niece of Mrs. Longfellow, is younger than her husband, who is 70, by a score of years.

Cardinal Gibbons, at the pope's request, has sent to his holiness large pictures of President Cleveland and ex-President Harrison.

The khedive of Egypt is enjoying a picnic in the desert, accompanied by 50 members of his bodyguard. The party travels by moonlight, resting during the day.

Mrs. Newman of London is a business woman of tact and energy. She has long since conducted a large jewelry establishment in the English metropolis.

Dr. Seward Webb, president of the Wagner Palace Car company, has the largest private park in the United States. It comprises 300,000 acres in the Adirondack mountains.

The oldest men in the United States senate are Morrill of Vermont, who is 84; Palmer of Illinois, 77; Harris of Tennessee, 76; Pugh of Alabama, 74, and Sherman of Ohio and Hanton of Virginia, 71.

E. S. Buchanan of Newman, Ga., recently found in an old trunk a \$50 bill issued long before the war by the Georgia Railroad bank of Augusta. He learned that this bank was still in existence and got the bill redeemed.

Largest of all the residents of Bloomington, Ill., is a young man of 25 years and 452 pounds weight who is known as Baby Bliss. He wears a 19 1/2 collar, a 7 1/2 hat and No. 13 shoes. He is one of the best waiters in town, and as a foot racer he knows few equals.

STAGE GLINTS.

Elita Proctor Otis will star next year. Irving and Terry will come back to America in 1895.

Henry Guy Carleton is to write a play for Julia Marlowe.

Manfield says he will go in heavily for new plays next season.

Alexander Salvini's tour has been extended until late in May.

Thomas W. Keene is preparing "King John" for next season's tour.

Robert Edson will join the New York Empire stock company next season.

Virginia Harned has taken Julia Arthur's place in A. M. Palmer's company.

Engene Ormonde will leave Daniel Frohman's company at the close of the season.

William Gillette and Robert Fraser are working on a new pantomime musical burlesque.

"An Arabian Night" is being played under the exhilarating title of "Brandy and Soda."

Henry Miller and Viola Allen have renewed contracts for next season with the New York Empire theater company.

Ernesto Rossi makes more with "Hamlet" and "Othello" in Italy than with any Italian or French play, ancient or modern.

"His Grace of Grammont," the new play which Otis Skinner will produce next season, deals with the picturesque period of Charles II.

Mrs. Agnes Robertson Boncourt is in the cast of "The Cotton King," a sensational drama recently produced in London at the Adelphi by Charles Warner.

SILVER NOVELTIES.

The new silver toast racks indicate that toast is in fashion.

Mustard pots of red glass set in perforated silver, with a silver cover, are new.

New letter racks have been produced made of graded circles in raised work mounted on an inclined standard and supported like a photograph frame.

Harnes describes some of the decorations for bodices. One such is made of fine dead gold chains strung together with crosspieces. All the points of intersection are fastened by huge pearls.

Worth, the modiste, has introduced a new ornament in jewelry which bids fair to be a favorite. It is a diamond triangle, with a flower or monogram in the center, and may be worn as a buckle, a brooch or a decoration for the hair.

Convenient and pretty receptacles have been brought out for holding the matutinal orange. They are on a low standard, tip tilted, polished with a raised and broken edge, and have a rack at the back for supporting the pointed spoon.—Jewelers' Circular.

ODDS AND ENDS.

Every civilized language may be heard in the streets of San Francisco.

In London there is a fur company which was established during the reign of Henry VIII.

The "rock cork" mentioned by Pliny and other ancient writers is thought to have been asbestos.

It was 29 days from the casting of the Lick objective glass before it had cooled sufficiently for safe removal.

The whale fishing industry of the United States was at its height in 1854, when 683 vessels were engaged in it.

READ AND REMEMBER.

The secret of success is constancy to purpose.

An obstinate man does not hold opinions, but they hold him.

The best way for a man to get out of a lowly position is to be conspicuously effective in it.

The man who does not look up will look down, and the spirit that does not dare to soar is destined perhaps to grovel.

A cheerful spirit is a great blessing. It makes the yoke of our employments easy and the burdens of our afflictions light.

Only as each man or woman performs his or her personal duty in any department of life can that department be lifted to a higher plane.

Constant application to pleasure takes away from enjoyment, or rather turns it into the nature of a very burdensome and laborious business.

Temptation often assails the finest natures, as the pecking sparrow or destructive wasp attacks the sweetest and mellowest fruit, eschewing what is sour and crude.

Our safety is in having lofty ideals and in constant labor to secure their realization. Let the getting of money be a man's ideal, and he will of necessity grow toward the dust.—Family Herald.
